

Petrol System Cleaner

Cleans the whole petrol system from tank to exhaust.

Frees sticking valves and piston rings.

Improves fuel economy.

Diesel System Cleaner

Cleans the whole diesel system from tank to exhaust.

Reduces harmful emission and black smoke.

Improves fuel economy.

D.P.F. System Cleaner

Aids passive regeneration of Diesel Particulate Filter (DPF).

Reduces soot and carbon emissions.

Improves stability of DPF system.

Air-Con Sanitiser 150ml

Highly concentrated sanitiser designed to eliminate mould, fungi and unpleasant odours within the air con system and passenger cabin.

Simple one press application.

Oil System Cleaner

Cleans engines internally.

Provides anti-wear protection and neutralises acid build up.

Keeps new oil cleaner for longer.

Oil System Protector

Protects the oil system and reduces oil consumption.

Optimises engine oil performance and prevents contamination build-up.

Cooling System De-greaser

Removes emulsified oil from the cooling system following cylinder head gasket failure.

Reduces downtime and cuts component costs.

Cooling System Cleaner

Restores cooling system efficiency.

Dissolves scale and rust build-up from the radiator and water jacket.

Restores heater efficiency.

Radiator Stop Leak

Provides emergency cooling system repair to prevent loss of coolant.

Keeps vehicle on the road until replacement components become available.

Cooling System Improver

Eliminates oxygen from the cooling system and improves heat transfer.

Prevents electrolytic corrosion.

General Maintenance Sprays

Clear Grease 500ml

Premium quality clear grease reinforced with PTFE.

Initial low viscosity lubricant which quickly dries to a high viscous grease which holds where applied.

White Grease 500ml

Premium quality calcium based multi-purpose grease with PTFE.

Long lasting heavy duty lubricant which protects against rust.

Holds where applied.

Tec Lube 500ml

High quality multi-purpose lubricant & rust penetrant

Releases seized parts, lubricates, protects & displaces moisture.

Can be used on all ferrous metals.

Contains PTFE.

Brake Cleaner 500ml

Heavy duty fast drying de-greaser

Removes dust, grease & oil from automotive components such as brake & clutch assemblies.

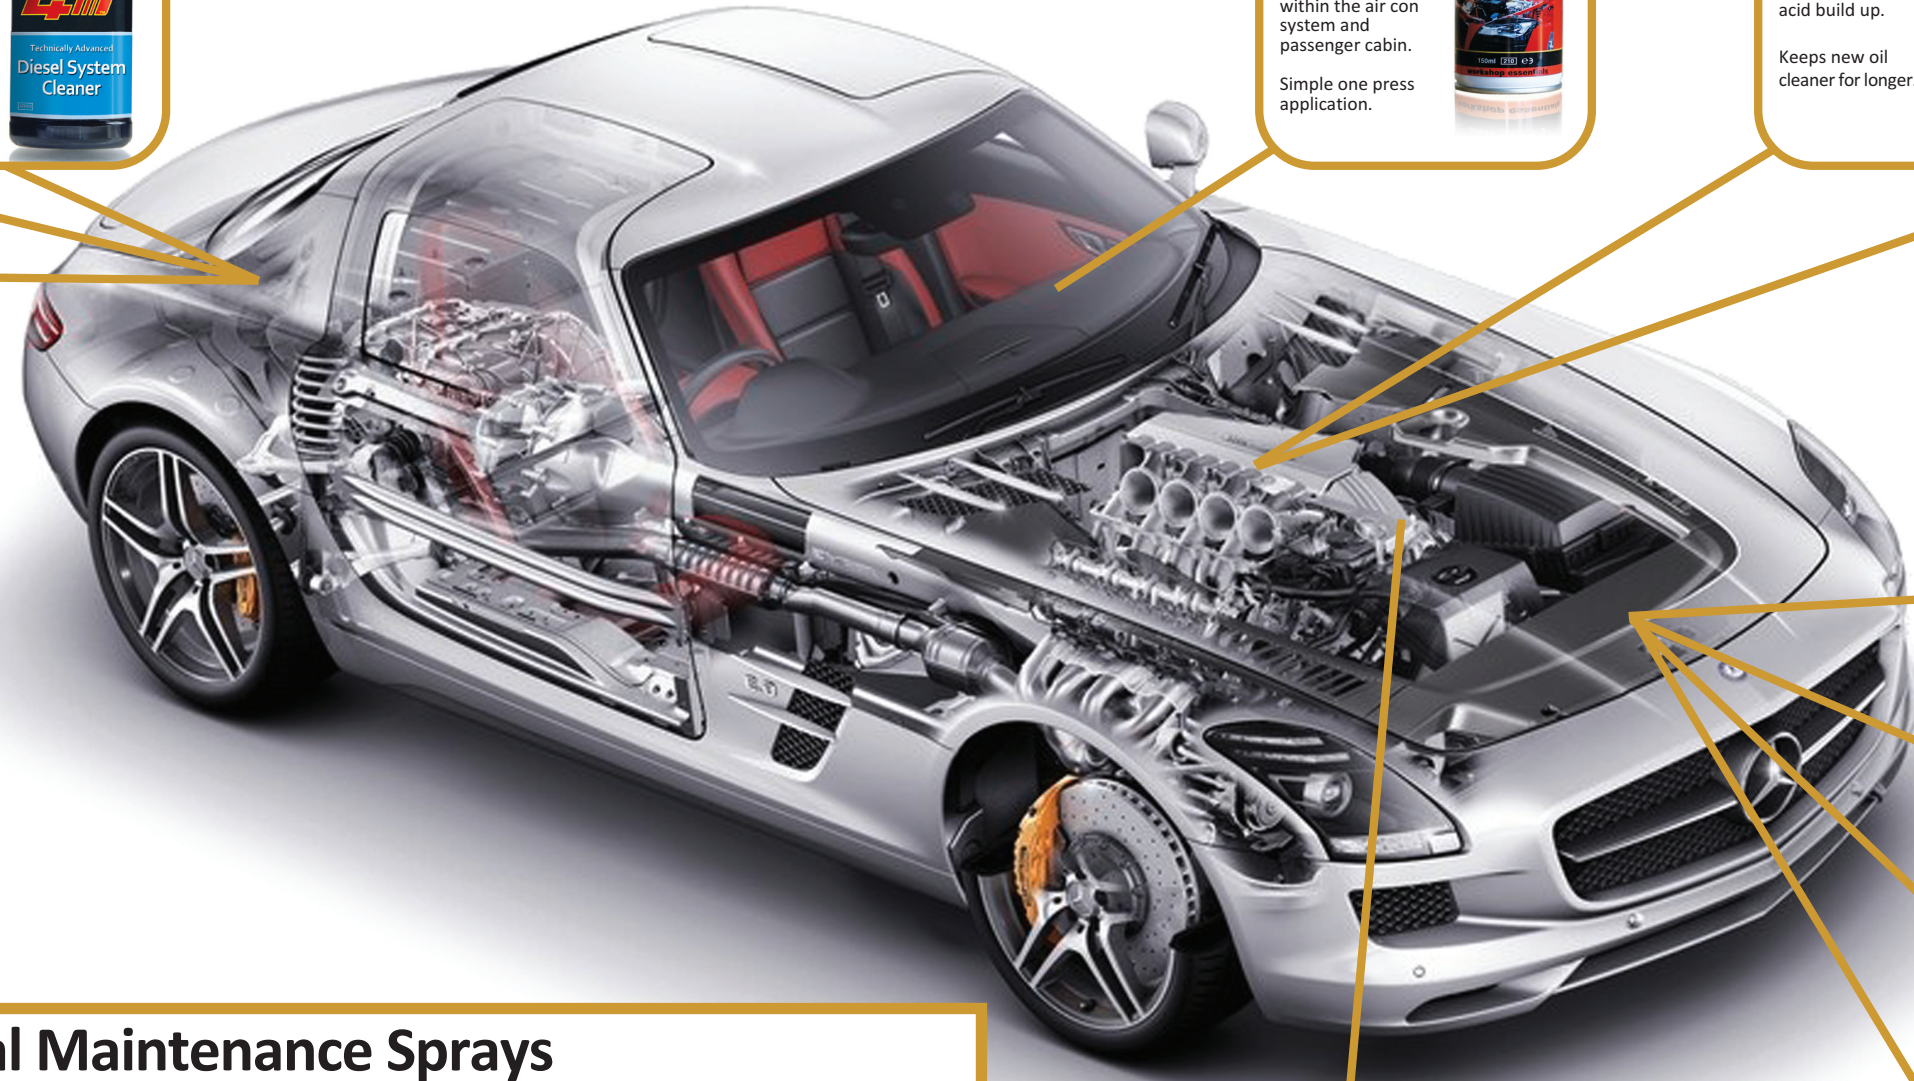

Dissolves automotive greases & oils.

Air Intake & EGR Cleaner 500ml

Heavy duty fast acting cleaner.

Dissolves carbon build up and sticky residue, caused by oil mist and exhaust fumes which build up in the air intake system and on EGR valves.
